

### Absence Catch Up Work

Absence from school can lead to large learning gaps in pupils' knowledge. Compulsory Catch Up for any absence will provide pupils with the support to catch up on any learning that has been missed through absence or suspensions. When a pupil has been absent from a lesson, they are expected to catch up in their own time on any work that has been missed. When pupils return from an absence, they will be given a Compulsory Catch Up Log to make a record of the work they have missed for each subject. Once the pupils have completed the work (bring in notes as well as completion of online tasks), they must bring their Catch-Up log and notes to their subject teacher who will sign it to confirm they have completed the relevant work for that subject. Pupils are required to complete all catch-up work before Friday of the week following their absence. Pupils who have not completed all catch-up work will be required to stay for compulsory lesson 6 on the Friday of the week following their absence where the school will provide support.

Please find below the links to relevant learning this week for each subject.
